

American Income Life, National Income Life and Motorcycle Enthusiasts

- 126,150 members covered under no-cost AD&D policies in 2016
- Over \$6,800,000 in life, health and no-cost AD&D benefits have been paid by AIL and NILICO to motorcycle enthusiasts and their families

American Income Life (AIL) and National Income Life (NILICO) take pride in helping working class families and building strong communities, and one of the strongest ways we do that is through our no-cost benefits available to employee and labor groups, and fraternal, community and special interest organizations.

The **Accidental Death and Dismemberment benefit** continues to be the foundation of our no-cost benefits package. Under this plan, each member in good standing with their group or organization is provided up to \$4,000 of no-cost Accidental Death and Dismemberment coverage. In 2016, we had more than 9.8 million group members covered by AD&D and paid \$5.4 million in Accidental Death and Dismemberment claims.

Part of building strong communities is ensuring working class families have access to basic health services. Our **Partners™ Program*** provides discounts on services not normally covered by health insurance programs. In recent years, this program provided an average savings of nearly 35 percent on prescription drugs. Members were also able to take advantage of up to 60 percent additional discounts on chiropractic services, hearing aids, vision care, and dental options.

Keeping children safe is another cornerstone of building strong communities. According to the U.S. Department of Justice, nearly 450,000

children go missing every year.** Our no-cost **Child Safe Kit®** allows families to collect vital information about each of their children, such as photographs and fingerprint records, which can assist authorities in the event a child goes missing. Our Child Safe Kit® is endorsed by the International Union of Police Associations, the American Federation of Teachers, and the American Federation of School Administrators.
